

REPUBLIC OF KENYA

OVERVIEW OF KENYA MASTER HEALTH FACILITY LIST – PUBLIC WEBSITE

REPUBLIC OF KENYA

Session Objectives

- Navigate the KMHFL public site.
- Use the features in the KMHFL public site to search for facilities

What is the Public Website

1. Website, which provides health facility information to the public and only contains facilities whose status is operational.

The Public Website

- The KMHFL public website is accessed through the internet at the following web address:
- <http://kmhfl.health.go.ke>

The screenshot displays the Kenya Master Health Facility List (KMHFL) public website. The header is blue with the Kenya Master Health Facility List logo on the left and navigation links (Home, Find Facilities, Facility Geolocator, Find Community Health Units, Help) on the right. Below the header is a search bar with a dropdown menu set to 'Facilities' and a search button. The main content area is titled 'KENYA MASTER HEALTH FACILITY LIST'. Underneath, there is a section 'ABOUT THE KMHFL' with a paragraph describing the application. Below this, there are four white boxes with blue headers: 'GEOLOCATE FACILITIES' (containing a map of Kenya with blue location pins), 'Search Facilities' (with instructions on how to search), 'Regulators Integration' (with information about API links), and 'Facility Geo-location' (with instructions on how to find a facility). To the right of these boxes is another white box with a blue header 'Community Health Units' and instructions on how to find a community health unit. At the bottom left, there is a section 'Visualize Health Facilities' with a paragraph and a 'VIEW MAP' button.

KENYA MASTER HEALTH FACILITY LIST

ABOUT THE KMHFL

Kenya Master Health Facility List (KMHFL) is an application with all health facilities and community units in Kenya. Each health facility and community unit is identified with unique code and their details describing the geographical location, administrative location, ownership, type and the services offered.

GEOLOCATE FACILITIES

Search Facilities

Click "Find Facilities" link to search for health facilities. This provides a list of all health facilities and there is a provided advanced search where you can refine your search.

Regulators Integration

Regulators have linked to KMHFL via the robust KMHFL API. For the KMHFL API documentation see the [\(Ministry of health -resources page\)](#) and for the KMHFL Architecture documentation [click here](#)

Facility Geo-location

To search for a facility geolocation click on "Facility Geo-locator" - This will show a map with counties. Click counties to view constituencies. Click a constituency to view its wards and click ward to view a particular ward's facilities.

Community Health Units

To search for a community health unit click on "Find Community Health Unit" .This provides a list of all community health units and the system provided advance search where you can refine your search by using administrative units.

Visualize Health Facilities

The Facility Geolocator visualizes administrative units (counties, constituencies, wards) and their facilities and Community Health Units. Users can also rate Facilities and Community Health Units.
